GERMANY

HAUSHOFER, KARL

Retired general; transformed the study of Geopolitics (originally established by the Swedish scientist Kel-
sen as a means of exploring the political significance of geographical conditions) into an instrument of Ger-
man aggression on a world scale; has had a dominant role in Nazi political thinking from origin of Party; his doctrines were definitive for Hitler's foreign po-
lity program as developed in Mein Kampf; appointed President of the German Academy, Munich, in 1934, this Academy gives compulsory courses to General Staff Offi-
cers and younger diplomats; another organization of Haus-
hofer's is Arbeitsgemeinschaft für Geopolitik, Munich, with staff of collaborators stationed throughout the world; Haushofer also has control of Volksbund für das

(90)

Deutschtum im Auslande (by Hitler's order 1938), and is powerful force in Auslandsinstitut, Stuttgart; prepared secret alliance between Germany and Japan which was concluded in 1935, a year and a half before Anti-Comintern Pact; also developed plan for rapprochement between Germany and Russia; his ruthless and potent political tactics dominate German foreign policy to-day.
